Bryan,

It has come to my attention that your organization's name is infringing on our core brand name and our REGISTERED TRADEMARK

MPOWERED BASEBALL® and the mark have been owned by us for over 20 years.

Needless to say your name is way to close to ours and is problematic.

I have turned this matter over to our DC trademark and patent attorney's office for review to determine our next steps.

Sincerely,

Mark Kreindler

President & managing partner
